Description

Join the SAE Speaker Series

The SAE Section Speaker Series and Industrial Lecture Series are Programs that reflect on the importance of acquaintanceships and the interchange of needed information between practicing engineers in industry, faculty, students, educational institutions, and the community. These programs are intended to generate such interaction directly, by bringing outstanding practicing engineers to SAE Sections and/or Collegiate chapters at Universities or other SAE owned events.

As part of the SAE Speaker Series, you will have the opportunity to travel across the United States and provide lectures at SAE Sections and/or Collegiate events.

The SAE Speakers Series provides you with:

The chance to connect with experts in a variety of fields and professions
The opportunity to deliver lectures on unique, industry-relevant topics
Reimbursement for your travel expenses to and from lecture sites
Additional Honorarium as a thank you for each presentation/lecture

Note: Educators and government employees are not eligible to participate in the Industrial Lecture Series program but are eligible to participate in the Section Speakers Series and other SAE owned events

Qualifications

Requirements:

- Willingness to travel at least twice per year
- MUST reside within the Continental United States or Canada

Summary

My Volunteer Profile

Thank you for joining us as a volunteer! Setting up your volunteer profile is the first step to making meaningful contributions to our organization via your volunteer engagement.

We regularly send our volunteers email alerts when new opportunities become available. You can choose which areas of interest you would like to receive these notifications for, or you can choose to receive all notifications or no notifications at all. Should you wish to stop receiving these alerts at any point in the future you can adjust this preference by returning to this page.

Opportunity Notifications

Please choose one of the following options for how you would like to receive email notification regarding volunteer opportunities:

- All New Volunteer Opportunities
- Opt Out of all Opportunity Notifications
- Only Notify Me About the Interests Below
 - Academia Sector
